JADE MARBLE

Simple and Beautiful

Transform a plain sidewalk, concrete porch or patio into a splendid natural stone surface. This easy-to-install stone arrangement fits together neatly to create a random flagstone look.

stamped concrete

Paving Stone Mat

Random Pattern

Paving Stone Mats are made from hand-selected pieces of natural stone that are prearranged into a tight-fitted random like pattern. And since it's made from real natural stone every mat will have a unique texture and color.

Continuous Fit

Time Saving Design

The individual hand cut pieces of stone are held in place with a mesh. This mesh backing support enables quick setting of each mat without shaping and fitting each stone – saving time, labor and material.
